## Work experience

---

09/2022 – present  
Los Angeles, California,  
USA

### Composer Ingenuity Studios, LLC

- Developed an eye on details, which allows me to integrate things really good on the scenes considering matching the light and color of each different element trying to keep the edges as intact as possible, allowing me to blend all these images together and get the best result within the assigned deadline
- Combined and executed new ideas and techniques to create high-quality, original images.
- Evaluated final results and analyze quality and aesthetic integrity prior to final submission.
- Communication with Co-Workers to maintain focus and best understanding of priorities
